

# AI-Powered Resume & Job Match Report

**Candidate:** Geethika's Final GeneralResume

## Skills & Knowledge Set

- 1 Data Analyst
- 2 Software Engineer
- 3 Data Scientist

## Target Roles

- 1 Data Analyst
- 2 Software Engineer
- 3 Data Scientist

## AI Resume Suggestions

- **Quantify achievements:** Rewrite achievements and project descriptions to include concrete numbers and results whenever possible (e.g., "Improved dashboard loading time by 25%," "Increased user engagement by 15%").
- **Prioritize and streamline projects:** Focus on 2-3 most relevant projects that best showcase data science skills, removing less impactful projects like the Library Management System to create a more focused narrative.

## Gemini ATS Analysis

**Overall Score:** 75/100

**Summary:** This resume demonstrates a solid foundation in data science and programming, but enhancing quantification and keyword optimization will maximize its effectiveness.

Category	Score	Feedback
Clarity & Formatting	85/100	The resume is well-structured and easy to read, but could benefit from a more c
Keyword Relevance	70/100	The resume includes relevant keywords, but could be improved by tailoring them
Impact & Quantification	70/100	While projects are detailed, quantifying achievements with specific numbers or r

## Top Job Matches

### 1. Frontend Developer – Trainee @ Prozioid Analytics

■ Bengaluru East, Karnataka, India | ■ Match: 44.2%

**Rationale:** ■■■ Geethika's experience with HTML and CSS, along with her projects demonstrating data visualization skills, make her a strong candidate for a Frontend Developer – Trainee role.

■ Apply on LinkedIn

### 2. Data Analyst - Trainee @ Straive

■ Bengaluru, Karnataka, India | ■ Match: 38.7%

**Rationale:** ■ Her projects showcase proficiency in data analysis techniques using R, Python, and Tableau, making her a suitable candidate for a Data Analyst - Trainee position.

■ Apply on LinkedIn

### 3. Software Engineer Backend Intern: Remote @ TrueFoundry

■ Bengaluru, Karnataka, India | ■ Match: 35.4%

**Rationale:** ■■ Geethika's C++, Python, and project experience in building a Library Management System demonstrate her backend development capabilities, making her a good fit for a Software Engineer Backend Intern role.

■ Apply on LinkedIn

### 4. Software Engineer Frontend Developer Intern: Remote @ TrueFoundry

■ Bengaluru, Karnataka, India | ■ Match: 34.0%

**Rationale:** ■ Her skills in HTML, CSS, and Python, combined with her data visualization projects, align well with the requirements of a Software Engineer Frontend Developer Intern position.

■ Apply on LinkedIn

### 5. Junior JavaScript Developer - Remote work | REF#283752 @ BairesDev

■ Bengaluru, Karnataka, India | ■ Match: 33.2%

**Rationale:** ■ While lacking explicit JavaScript experience, Geethika's overall programming skills and experience with various languages make her a potentially suitable candidate for a Junior JavaScript Developer role, given the opportunity to learn.

■ Apply on LinkedIn

### 6. Frontend Developer Intern @ Gamehok

■ Bangalore Urban, Karnataka, India | ■ Match: 32.6%

**Rationale:** ■■■ Her proficiency in HTML, CSS, and experience creating interactive dashboards make her a strong candidate for a Frontend Developer Intern position.

■ Apply on LinkedIn

### 7. Graduate Software Engineer, Open Source and Linux, Canonical Ubuntu @ Canonical

■ Bengaluru, Karnataka, India | ■ Match: 30.5%

**Rationale:** ■ Geethika's diverse programming skills and experience with various tools and platforms are a good base for further learning and development in the open-source and Linux ecosystem for a Graduate Software Engineer role.

■ Apply on LinkedIn

### 8. Automation Testing Intern (Remote) @ Clootrack

■ Bengaluru, Karnataka, India | ■ Match: 30.2%

**Rationale:** ■ While lacking direct automation testing experience, her problem-solving skills and programming background provide a foundation for success in an Automation Testing Intern role.

■ Apply on LinkedIn

### 9. Online Data Analyst in India (Kannada speakers) @ TELUS Digital AI Data Solutions

■ Bengaluru, Karnataka, India | ■ Match: 41.0%

**Rationale:** ■■ Her experience with data analysis tools and projects, coupled with her mention of being a Kannada speaker, makes her a suitable candidate for an Online Data Analyst in India role.

■ Apply on LinkedIn

### 10. Online Data Analyst in India (Telugu Speakers) @ TELUS Digital AI Data Solutions

■ Bengaluru, Karnataka, India | ■ Match: 39.7%

**Rationale:** ■■ Similar to the previous role, her data analysis skills and being a Telugu speaker make her a strong candidate for this position.

■ Apply on LinkedIn

### 11. Financial Data Analyst @ Syndigo

■ Greater Bengaluru Area | ■ Match: 39.4%

**Rationale:** ■ Geethika's experience in analyzing data trends and building dashboards, combined with her project on data science salary trends, makes her a potential fit for a Financial Data Analyst position.

■ Apply on LinkedIn

### 12. AI Trainer - Freelance Data Annotator @ Toloka Annotators

■ Bengaluru, Karnataka, India | ■ Match: 39.4%

**Rationale:** ■ Her familiarity with Python and machine learning concepts demonstrated through her projects and coursework qualifies her for an AI Trainer - Freelance Data Annotator role.

■ Apply on LinkedIn

### 13. Online Data Analyst @ TELUS Digital AI Data Solutions

■ Hosur, Tamil Nadu, India | ■ Match: 39.3%

**Rationale:** ■ Her proven data analysis skills using various tools and languages make her a good fit for an Online Data Analyst position.

■ Apply on LinkedIn

### 14. AI Python Engineer @ OpenText

■ Bengaluru, Karnataka, India | ■ Match: 36.2%

**Rationale:** ■ Her strong Python skills and experience with machine learning frameworks like XGBOOST and TensorFlow make her a solid candidate for an AI Python Engineer role.

■ Apply on LinkedIn

### 15. Data Engineer | PAN India @ Capgemini

■ Bengaluru, Karnataka, India | ■ Match: 36.1%

**Rationale:** ■■ Her skills in various programming languages, database management (MySQL), and data analysis make her a potential candidate for a Data Engineer position.

■ Apply on LinkedIn

### 16. Remote Data Scientist @ Turing

■ Bengaluru, Karnataka, India | ■ Match: 36.0%

**Rationale:** ■ Her proficiency in R, Python, and experience with various data analysis techniques make her a solid candidate for a Remote Data Scientist role.

■ Apply on LinkedIn

### 17. Analytics and Modeling Analyst @ Accenture in India

■ Bengaluru, Karnataka, India | ■ Match: 35.9%

**Rationale:** ■ Her experience with data analysis, visualization, and statistical modeling makes her well-suited for an Analytics and Modeling Analyst position.

■ Apply on LinkedIn

### 18. Python Developer - AWS, CI/CD @ Gainwell Technologies

■ Bengaluru, Karnataka, India | ■ Match: 35.2%

**Rationale:** ■■ Her experience with Python and her projects demonstrate skills that are transferable to a Python Developer role, while AWS and CI/CD experience would need further development.

■ Apply on LinkedIn

### 19. Data Analyst @ Yugen.ai

■ Bengaluru, Karnataka, India | ■ Match: 34.3%

**Rationale:** ■ Her projects and skills in data analysis, visualization, and programming make her a strong candidate for a Data Analyst position.

■ Apply on LinkedIn

### 20. Software Engineer - MySQL (Remote) @ Percona

■ Bengaluru, Karnataka, India | ■ Match: 32.4%

**Rationale:** ■ Her experience with MySQL and overall programming skills make her a good fit for a Software Engineer - MySQL (Remote) role.

■ Apply on LinkedIn

### 21. AI Full Stack Developer @ HJ Recruitment

■ Bengaluru, Karnataka, India | ■ Match: 30.6%

**Rationale:** ■ Her diverse programming and data science skills make her a potentially suitable candidate for an AI Full Stack Developer role, pending further evaluation of full-stack capabilities.

■ Apply on LinkedIn

### 22. Software Engineer - Intern @ Hypersonix Inc.

■ Bengaluru, Karnataka, India | ■ Match: 30.5%

**Rationale:** ■■ Her programming skills across multiple languages and experience with projects make her a good candidate for a Software Engineer - Intern role.

■ Apply on LinkedIn
